## **Commitment to Excellence Honored: TechSource Recognized as the 4th Fastest-Growing Company in New Mexico**

**Los Alamos, NM.** TechSource, Inc. is honored to be once again recognized as one of New Mexico's 40 fastest growing companies. This is the 6<sup>th</sup> time TechSource has received this prestigious award. The New Mexico Flying 40 Awards annually honor the 40 fastest-growing and highest revenue generating, technology-based companies headquartered in the state of New Mexico. The Flying 40 awards are sponsored by the Albuquerque Journal, the Sandia Science and Technology Park Development Corporation, Sandia Laboratory Federal Credit Union, Albuquerque Hispano Chamber of Commerce, Tech Navigator Program Albuquerque, Nusenda Credit Union, Emera, and Delta Dental.

"We greatly appreciate this recognition of the success of our team. For over 20 years TechSource has cultivated a reputation of excellence by providing support and solutions that are client-centric, cutting edge, operationally realistic, and implementable. This award affirms that our corporate commitment to place each and every client's mission achievement first and foremost is not just a tagline—it has proved to be what sustains the demand for TechSource. However, it is our people and their unmatched expertise that drives our success, so it is fitting and not a surprise that their dedication and hard work has been recognized not just once but six times," said CEO and President V. Brian D'Andrea.

### **About TechSource**

*TechSource is a leading high-technology science and engineering small business offering recognized expertise in accelerator physics, nuclear sciences, engineering, systems engineering integration, and program and project management. TechSource's talented and innovative cohort is comprised of experts, most with 35 years or more of hands-on experience. TechSource offers policy to test bench technical and management services in coordination with point of interest expertise to organizations responsible for developing, implementing, operating, and managing high-technology programs nationwide. For over 20 years TechSource has successfully supported a diverse and expanding client base including U.S. Federal Agencies, the National Laboratories, the Navajo Nation, and commercial entities focused on solving some of the most complex issues facing the U.S. today. TechSource is recognized as an independent, qualified expert whose advice and products uniquely and effectively bridge technical and programmatic requirements.*
