TechSource Awarded Technical Support Services for the Department of Energy, National Nuclear Security Administration Office of Infrastructure and Operations.

TechSource as Team Lead of the Enterprise-Wide Technical and Engineering Support Alliance (E-TESA) is pleased to announce it has been awarded a Technical Support Services Contract for the Department of Energy, National Nuclear Security Administration Office of Infrastructure and Operations. The Office of Infrastructure and Operation (NA-00) ensures that programs, projects, processes, and services are identified, planned, funded, delivered, and evaluated to support NA-10 Level 1 Milestones.

Under this Performance of Work Statement the E-TESA Team will provide technical and analytical support services in the areas of nuclear materials packaging, transfer and management; information and data management; safety program support; operations management; construction management; program capability based investments; facilities and infrastructure management; and the Nuclear Criticality Safety Program.

To date Team E-TESA, led by TechSource, has been awarded six out of nine awards with a total contract award value of \$19,003,582.77 making the E-TESA Team the most successful in the number of contract awards and highest contract award total among all 8 CTA Teams.

For more information about the E-TESA Team and/or this specific technical services award please contact Jim Rhone at 301-515-5819: jrhone@techsource-inc.com or Don Trost at 301-515-1344: dtrost@techsource-inc.com.
