Enterprise-Wide Technical & Engineering Support Alliance

**DOE / NNSA
 Blanket Purchase
 Agreement (BPA)
 Award Winner**

Enterprise-Wide Technical & Engineering Support Alliance

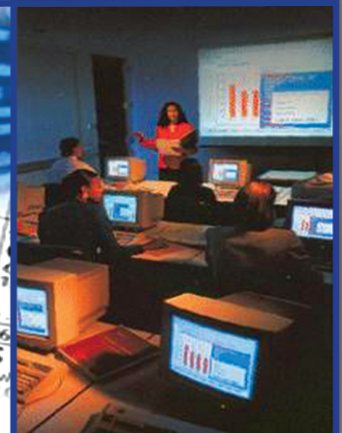

Enterprise-Wide Technical & Engineering Support Alliance

The Enterprise-Wide Technical & Engineering Support Alliance (*E-TESA*), unified under the leadership of TechSource, provides all elements of the NNSA and DOE with a total solution to satisfy strategic sourcing objectives under the DOE/NNSA Blanket Purchase Agreement (BPA).

E-TESA is configured as a Contractor Team Arrangement (CTA) with 6 CTA team members and 10 subcontractors. Each company was specifically selected to provide DOE/NNSA maximum confidence in our ability to:

- 1) provide a team of key, technical, and analytical support personnel that literally offer decades of successful experience and best-in-class expertise, understanding, and ability to perform all task areas;
- 2) reduce performance risk and ensure continuity of service, evidenced in *E-TESA* members supporting nearly 50% of the contract value of former BPA Task Orders with a strong level of customer satisfaction, and;
- 3) meet or exceed small business utilization goals under the BPA by delivering a balanced team of well-qualified small and large businesses.
