TechSource Awarded Technical Support Services for the Department of Energy's Office of Stockpile Management Security.

TechSource, as Team Lead of the Enterprise-Wide Technical and Engineering Support Alliance (E-TESA) is pleased to announce it has been awarded a Technical Support Services Contract for the Department of Energy (DOE) National Nuclear Security Administration's (NNSA) Office of Nuclear Weapon Surety and Quality (NA-121).

Within the NNSA's Office of Stockpile Management (NA-12), NA-121 is responsible for management of the DOE/NNSA nuclear weapon surety program. NA-121 provides senior level advice and oversight of all aspects of surety for nuclear explosives and nuclear weapons, including their safety, security, and use control. The Office also provides support to programs such as emergency response, counter-proliferation, counter-intelligence, and NNSA interagency and international weapon surety activities.

Under this Performance of Work Statement the E-TESA Team will provide technical support services for nuclear weapon surety including security, use control, and weapons data access system for the Office of Nuclear Weapon Surety and Quality (Office of Stockpile Management). A key aspect of nuclear weapon security is the control of Nuclear Weapon Data (NWD). The NWD Access Control Team is responsible for managing and maintaining the Weapon Data Access Control System (WDACS) and for providing the direction and control of the Government-wide program for controlling access to NWD and facilities by domestic and foreign entities.

This is the second award for the Team E-TESA, led by TechSource, under this NNSA BPA. The award is valued at \$3,703,238.60.
