FOR IMMEDIATE RELEASE

September 28, 2018

TechSource Recognized for the Ninth Time as One of the Fastest-Growing U.S. Companies

Los Alamos, NM. TechSource, Inc. is honored to be named to the Inc. 5000 list for the ninth time. The Inc. 5000 list, compiled by Inc. Magazine, is an exclusive ranking of the nation's fastest-growing private companies. TechSource's consistent presence on this distinguished list reflects the caliber of our people's expertise and our ability to break into new markets while remaining steadfastly committed putting the client first. Only one percent of applicants have had the good fortune of being named to the list nine times.

"Our unwavering efforts to capture the critical skills dissipating from the nation's laboratories, agencies, and universities have facilitated the creation of a unique technical capability. Our technical cohort possess an unmatched breadth and depth of experience making us a go-to resource for organizations looking to effectively and efficiently fill their critical skill gaps with seasoned expertise," says TechSource President and CEO Brian D'Andrea. "Our experts have come together to create a confluence of innovators pushing the boundaries of the known, driving results grounded in science, and reflective of operational realities. Our professionals are dedicated to finding implementable solutions ensuring that we consistently deliver extraordinary value to clients."

About TechSource

TechSource is a leading high-technology science and engineering small business offering recognized expertise in accelerator physics, nuclear sciences, engineering, systems engineering integration, and program and project management. TechSource's talented and innovative cohort is comprised of experts, most with 35 years or more of hands-on experience. TechSource offers policy to test bench technical and management services in coordination with point of interest expertise to organizations responsible for developing, implementing, operating, and managing high-technology programs nationwide. For over 20 years TechSource has successfully supported a diverse and expanding client base, including U.S. federal agencies, the national laboratories, the Navajo Nation, and commercial entities focused on solving some of the most complex issues facing the U.S. today. **TechSource** is recognized as an independent, qualified expert whose advice and products uniquely and effectively bridge technical and programmatic requirements.
