TechSource Appoints V. Brian D'Andrea Chairman of the Board

Los Alamos, NM. TechSource, Inc. (techsource-inc.com) is pleased to announce the appointment of V. Brian D'Andrea as Chairman of the Board. D'Andrea is retaining his current role overseeing the vision and long-term strategy of the company as Chief Executive Officer (CEO).

Dr. Thomas Ward, co-founder of TechSource, recently stepped down from the role of Chairman of the TechSource Board of Directors. The Board of Directors and Shareholders appointed D'Andrea due to his long-term strategic and operational leadership roles with TechSource. This appointment provides the company with the continuity of leadership, corporate culture, and customer relationships critical to maintaining TechSource's growth trajectory, client services, and entrepreneurial spirit.

As CEO and Chairman of the Board, D'Andrea will focus on integrating strategic activities and overall corporate governance with Board leadership. He will also focus on expanding strategic partnerships to maintain the corporate growth trajectory. "D'Andrea joined TechSource in 2001 and has proven to be a visionary leader with superb executive skills. He has worked tirelessly on behalf of the company, its customers, and staff. No one is better suited to serve in this leadership role in support of the next phase of the company's growth and success," says TechSource Board Member Jim Stout.

D'Andrea says, "I am honored to continue to lead TechSource. As the Chairman of the Board and the CEO, I will continue to focus on investing in our employees and driving the technical and business expansion essential to achieving our customers' scientific and technical missions. I look forward to continuing to work closely with TechSource's exceptional management team and staff as well as supporting our customers in their critical missions."

As President, D'Andrea drove record growth as recognized by nine Inc. 5000 and eight New Mexico Flying 40 awards, maintained a 97 percent client retention rate, and increased the company's footprint throughout the Department of Energy complex and the nuclear weapons enterprise. Most recently, under D'Andrea's leadership, TechSource has been part of winning teams awarded management and operating contracts for two national laboratories.

D'Andrea has an extensive background in engineering, business development, and corporate leadership. D'Andrea has led the firm with distinction since 2001. Prior to joining TechSource, D'Andrea served as an Assistant Vice President at SAIC for the Management Systems Integration Division. He also served as a Naval officer and Naval Flight Officer for carrier-based electronic warfare operations, major systems acquisition, emergency response, and research and development.

About TechSource

Founded in 1997, TechSource, Inc. is a science and engineering consultancy comprised of over 500 senior-level engineers, scientists, and leaders from the national laboratories, Federal technology programs, and the nuclear
