TechSource Announces the Appointment of Jeffreyangiuli as President

Los Alamos, NM. TechSource, Inc. (techsource-inc.com) is pleased to announce the appointment of Jeffreyangiuli as President, effective January 1, 2021. angiuli is retaining his current role overseeing daily operations as TechSource's Chief Operating Officer (COO). Following a comprehensive strategic planning effort, it was determined that the company's existing backlog, prospective contract delivery needs, expected growth profile, and the recent elevation of CEO V. Brian D'Andrea to Chairman of the Board required a segregation of strategic activities and operations focus by merging the operational responsibilities of President with those of the COO.

Announcing angiuli's appointment, CEO D'Andrea says, "Jeff is a highly impressive talent, an exceptional leader, and consummate professional. His track record in transforming business practices is extraordinary. Jeff is known for his collaborative leadership style, ability to drive sustainable growth, and success in building agile high technical and management teams. Most importantly, Jeff possesses an unstoppable drive to differentiate TechSource in the marketplace by engaging the best talent, systems, and protocols. I am gratified to pass the operational reins over to such an outstanding leader."

angiuli responded with appreciation to the appointment, "I am honored to lead this exceptional company. Brian, Tom, and Don have built a great culture, an enviable cohort of nationally recognized experts, and a talented management team that places our clients at the forefront of everything we do. As President and COO, I am committed to do the work to lead TechSource to even greater things. I thank everyone for their trust in me."

angiuli has been a key member of TechSource's executive and leadership team since 2018. For over 30 years, angiuli has been a key member of leadership and advisory teams in industry, academia, and government, including TechSource, CALIBRE Systems, Strategic Management Initiatives, Catholic University, and the Department of Defense. angiuli also served as a nuclear power officer and submariner in the U.S. Navy.
